You can now

SAVE TIME & DO IT ONLINE

As of March 2014, Maritime Safety Queensland has approved an online learning program for theory that can be done in the comfort of your own home.

Log on to www.aaboating.com.au for full details and enrollment. When you complete your online course, you need to contact us to complete the on-water practical.

WHAT YOU NEED TO BRING

- Wear comfortable clothing suitable for boating & weather conditions of the day.
- Lunch (for a full day course)
- Identification (Old vehicle licence)
- Course fees
- Covered footwear (that may get wet)
- Course fees

COURSE DETAILS CONTENT

During the course we will help you learn boating rules and regulations. No previous experience required. There is an assessment that may be done as a multiple choice or verbal questionnaire.

This theory is then put in to practice with an on-water session on our training vessel.

On completion of the course we will issue you with your Queensland Transport Confirmation Statement (Test Certificate). You will need to take this Certificate to any Old Transport Customer Service Office (or your local Q-Gap, Courthouse or Police Station) for processing of your boat licence application. There is a small one-off fee for processing. This is a life-time licence that is recognized in all Australian States & Territories.
